Animal Blessing & Remembrance Service

Saturday, October 6

9am, Saint Andrew Lawn

The Animal Blessing and Remembrance service is a custom conducted in memory of St. Francis of Assisi's love for all creatures. It is also an opportunity to acknowledge and celebrate our connection to all of God's creatures.

Pets are welcome! There will be an opportunity for each pet present to be blessed for the gift they are to our lives.

A time to remember - We will also have a time to remember our pet family members that have passed away. Please bring their picture to share. A dedication of the dogwood tree donated last fall in their memory and honor will be included in the service.

Our offering will go to The Pet Connection's Sanctuary and Rehabilitation Center. The Sanctuary & Rehabilitation Center in Beloit, KS is primarily used for those pets with health issues or long term needs that require special training or supervision. At this facility they are able to help animals work through issues that make it difficult for them to find permanent homes.

For the safety of all we ask that all animals be on a leash or in a carrier.
