

Job Description

Warehouse Production –Edwardsville Illinois

Immediate warehouse position in a position where that requires visual testing, part number identification, cleaning, refurbishment and packaging of the equipment, with many opportunities to learn AT&T Cell Site equipment and how it functions. This position will allow to learning processes that could lead to other opportunities in the lab once you prove yourself. In this role you will be packaging materials, using scan guns, and hand held tools. This is a manual position in a heavy production facility and the nature of the job is primarily in a warehouse environment. We are looking for candidates with an outstanding work ethic, and the ability to work well independently or as part of a team. Candidates with Cell Site or Cable installation background are a great fit and a definite plus but not mandatory. Looking for strong candidates with an excellent work ethic and attendance. Position pays 12.00per hour.

Hours: Shifts could be either 10am-8:30 or 12:00-9:00.

Salary: 12.00 per hour

How to Apply: Interested candidates should forward their resume saved as a Microsoft Word document with both month and year on dates of employment to: kgorczynski@ultimatestaffing.com and enter Edwardsville Lab Tech in the subject line of your email.

Requirements:

- Willingness to learn
- Drug and Background Check required
- Excellent work ethic, interest in the position and initiative.
- Must have outstanding attendance and work ethic to be considered
- Warehouse mindset- cold in winter hot in the summer
- Ability to quickly adapt to change, work in a team environment and meet deadlines
