

ADVERTISING OPPORTUNITIES – MADISON YOUTH CHOIRS

Supporting a Music Education that Goes Beyond the Notes

For over five decades, Madison Youth Choirs has been providing exceptional music and social education to boys and girls throughout southern Wisconsin. Serving more than 400 families each year, our programs prioritize education over performance. Through weekly rehearsals and

meaningful performance opportunities, our singers gain confidence as musicians and insight as thinkers and collaborators. Our curriculum encourages critical thinking and “expert noticing” producing students who view and cherish the world differently through music.
