### Trip Details

Join our group of 18 young adults as we visit key sites throughout the Holy Land (including Jerusalem, Bethlehem and Nazareth). On our journey we will build relationships with local Lutherans and other Christians engaged in the pursuit of peace in the Holy Land.

### Trip Leaders

Antoine Cummins currently serves Waldorf University as the Campus Ministry Coordinator. Andrea Richardson works as a middle school teacher. Antoine and Andrea have both participated in alternative pilgrimages to the Holy Land several times since 2016.

### Expectations

Participants will be expected to participate in several group meetings before the trip to prepare, and two meetings after the trip to reflect. All participants should be prepared to walk three miles a day. Participants will be expected to share about their experience in their home congregations/faith communities when they return.
