

Countertop Source

Countertop Source is a full-service counter top fabrication company specializing in granite, quartz and marble counter tops. Our facility has two indoor slab galleries where customers can come to pick out their stone and quartz from our extensive collection. Fabrication and templating is all done using the latest electronic and/or computer-controlled equipment, which means that we have the ability to deliver consistently high quality counter tops as well as provide on-time installation and, most importantly, keep our promises. In business since 1999, Countertop Source is the preferred fabricator in Southern Utah for Cambria Premium Quartz Surfacing. We love working with quartz, which is one reason why Countertop Source is Southern Utah's leading authority on this popular and trending material. We invite you to check out our reviews on Google, where we have a 5.0 rating. Give us a call at (435) 251-8257 or drop by our showroom for a free, no obligation, consultation.
