

Ence Homes

Ence Homes has been building quality homes with superior craftsmanship for over 60 years and is dedicated to providing exceptional value to each customer. From the materials used in the construction of each home, to the sub-contractors who help build them, quality is the central focus. Ence Homes strives to be the best home builder in St George, Utah which is why our homes are built to last a lifetime. We have five model homes scattered across the St George area. Call now to schedule a tour of our model homes.
